Come in and explore the arts depicting pollinators and also arts made with materials from plants that rely on pollinators.

Celebrate with an added special of 15% off items depicting pollinators or the plants they pollinate.

Butterflies, hummingbirds and bees are what you might think of as pollinators but did you also know that bats, squirrels, mice and beetles do their share of pollinating? To learn about pollinators and what you can do to protect and encourage them, visit <https://www.fws.gov/pollinators/>
